

Sinclair Broadcast group will be airing "Stolen Honor" in a direct attempt to affect the election in George Bush's favor. This, in combination with its boycotting Nightline's honoring the names of Iraq War Casualties, is in opposition to public interest that WTTE, and WSYX (both in Columbus) was licensed by your Commission to enforce. Sinclair Broadcast Group should lose all 62 of its licenses, and if anyone reading this had an ounce of patriotism and hatred of tyranny you would be seeking out the quickest way to remedy this situation.
